A minimális visszavásárlási összeg mértéke a kockázati díjjal csökkentett befizetett díj százalékában a biztosítási tartam (években) és az eltelt évek számának függvényében. A megadott visszavásárlási arányszámok 100 000 Ft-os elérési biztosítási összegre vonatkoznak. (Amennyiben a Biztosított járadékszolgáltatásra jogosult, úgy azok a lejárat időpontjában érvényes, a folyamatos díjakból képzett szolgáltatási összegre kerültek megadásra)
